19 actions towards A JUST FUTURE FOR ALL

A JUST FUTURE FOR ALL is Canadian Jesuits International's (CJI) 2020 Giving Tuesday campaign. COVID-19 has revealed devastating inequalities around the world, particularly in the Global South. Migrant workers, women, Indigenous people, and the elderly face the most severe impacts of the pandemic.

Pope Francis has called for a just and more equitable future in a post-COVID world, urging for "just sharing among nations and their institutions in order to confront the current crisis in a manner marked by solidarity." We at CJI support this call. Our 19 actions for a just future give us some steps to achieve this.

What are the 19 actions?

These are a set of 19 actions we are calling on students and other supporters to take to contribute to a just recovery. They are grouped in three areas - mobilizing resources, raising awareness and engaging in advocacy

Please join us.
Even by doing one action, you are contributing to building
A JUST FUTURE FOR ALL.

THE 19 ACTIONS

Mobilizing resources

1.   **Organize a fundraiser in your school, and get 19 people (or more) to donate to the work of Canadian Jesuits International's partners** - create your school's own campaign page with CJI on CanadaHelps.

2.   **Support our Global South partners with a donation of $19** (or less or more – every bit goes a long way!).

Raising awareness

3.   **Share one fact you've learned about the impact of COVID-19 on people who are marginalized** both in Canada and in the Global South. Tag @canadianjesuitsinternational with #justfutureforall to let more people learn what you know.

4.   **Invite 19 people to learn about the work of CJI's Global South partners with marginalized people** – they could attend our webinars on Tuesdays in November (on the 10th, 17th, 24th) along with you!

5.   **Share one fact you've found out about Canadian companies working in the Global South and their human rights record.** Check the CJI website for information (canadianjesuitsinternational.ca).

Raising awareness (continued)

6. **Participate in a strike action together with Fridays for Future** in your local area.

7. **Organize an Anti-Racism event** in your school to raise awareness and advocate for stronger inclusion of Black, Indigenous, and People of Colour students.

8. **Organize a Diversity and Inclusion training seminar** in your school for teachers/administrators/students.

9. **Sign up for a workshop to learn about just policies to prevent and combat trafficking** of people including protection and support of victims of trafficking.

10. **Share one fact you've learned about the need for sustained efforts to mitigate climate change.**

11. **Creatively express what a green, just recovery from the pandemic and the economic crisis means to you personally (poems, song, art, etc.).**

A JUST FUTURE **FOR ALL**

Engaging in advocacy

12. **Share CJI's social media** on *Solidarity with South Sudan*.

13. **Share CJI's social media** on *Accompanying forcibly displaced people in Colombia*.

14. **Share CJI's social media** on *Resisting a democracy recession*.

15. **Call your MP to advocate for the release of human rights defender Fr Stan Swamy**, a Jesuit in India who has been unjustly detained for his work with Indigenous people against mining.

16. **Call your MP to ensure that Parliament implements human rights due diligence for Canadian companies** conducting business both in Canada and internationally.

17. **Join a campaign that calls for the world's central banks and international financial institutions to cancel the debt of countries in the Global South.**

18. **Call your MP to promote and align economic growth with climate action.**

19. **Call your MP to support Guaranteed Livable Basic Income.**
