

TACO TUESDAY LUNCH

AROUND THE TABLE WITH BREX AREVALO

Brex is an environmental planner, climate justice advocate, and researcher who has dedicated his career to promoting environmental and social justice in the Asia-Pacific region.

During the Week of Waste Reduction in Quebec, Brex has been touring Montreal with a talk entitled *Margins at the Centre: Navigating a just transition in the Wild Wild Waste*. He will propose that the urban poor who live at the margins of society can provide alternative and eco-just solutions to the pollution caused by waste-burning industries in Metropolitan Manila...
AND it's not complicated!

Come around the table (with tacos) to meet Brex!

Please note that the event will be held in English.
