

Meet and Greet with Brex Arevalo

(Potluck supper following the 5 p.m. mass)

Brex is a young Filipino activist, environmental planner and researcher who has dedicated his career to promoting environmental and social justice in the Asia-Pacific region.

Brex will be touring Montreal with a talk entitled Margins at the Centre: Navigating a just transition in the Wild Wild Waste in which he proposes that it is the people who live at the margins of society who can provide the most ecologically-just solutions to pollution that is caused by waste-burning industries in Metropolitan Manila... AND it's not complicated!

Come meet Brex and welcome him to Montreal!
